Confirmed modalities, process and technical requirements

Comes into effect with UNFICYP launch

Unite Aware technical platform goes live for UNFICYP
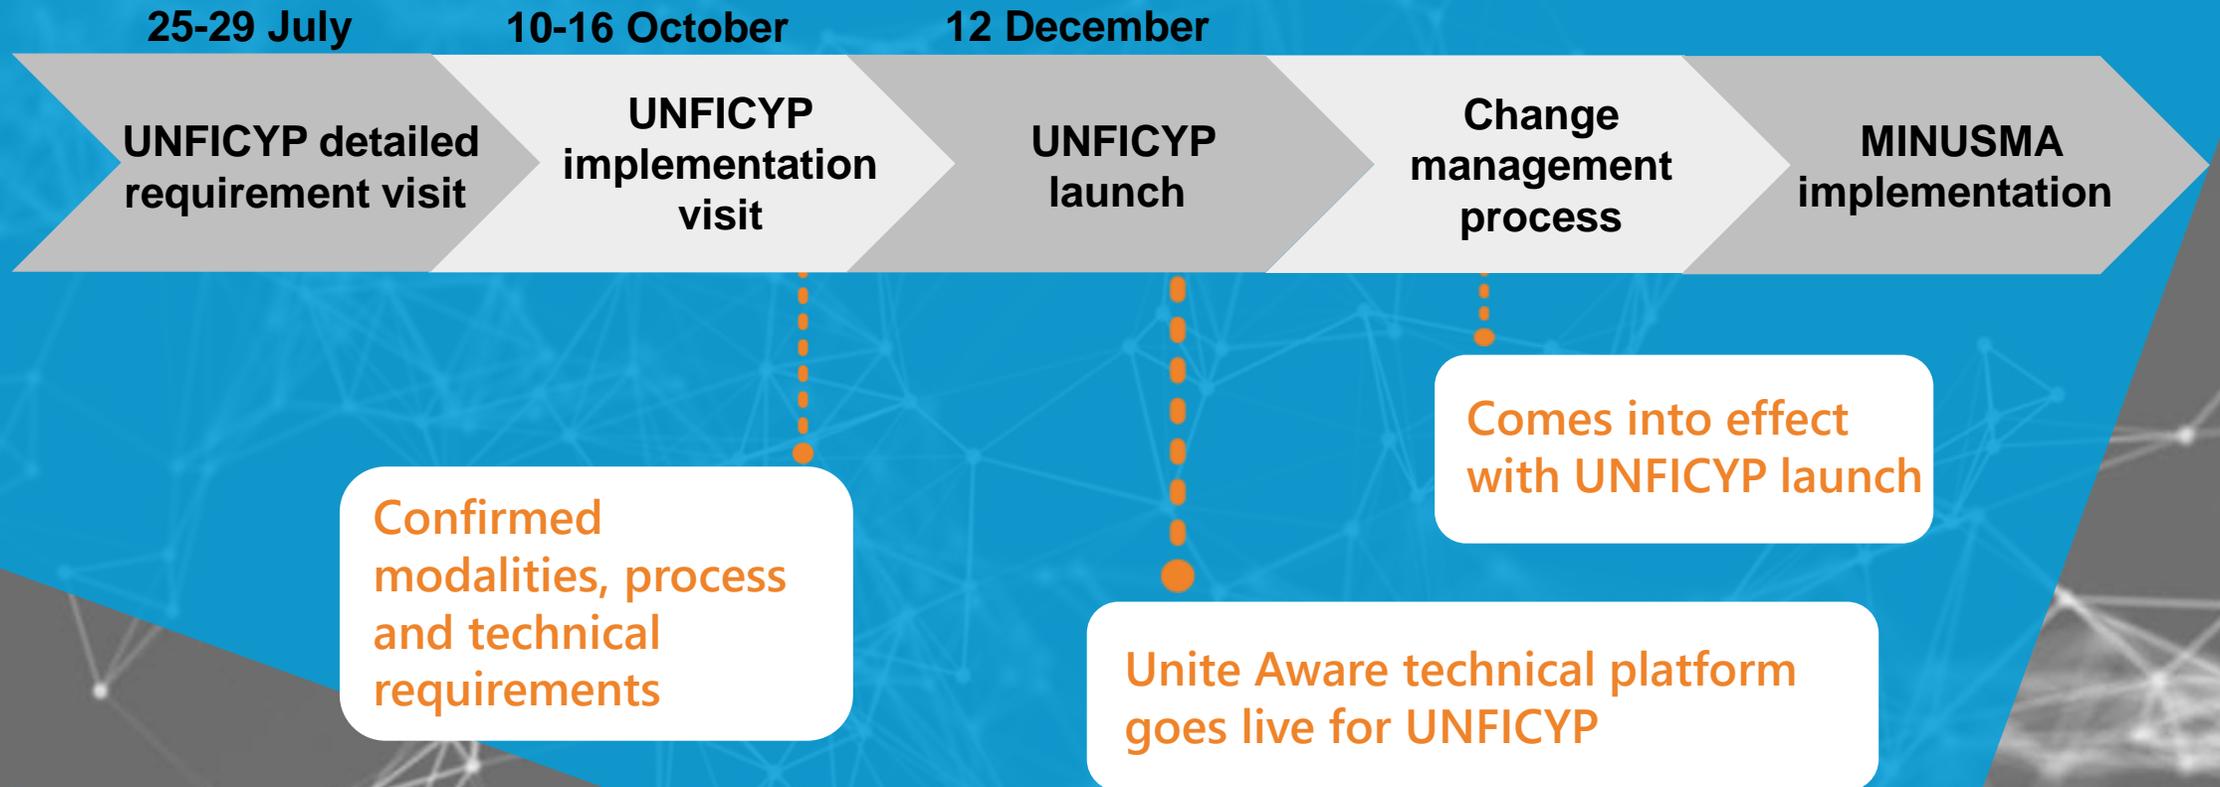

Sustainability Challenges

- ## Need missions to be self-sufficient:
  - **FTS technology management**
  - **Data specialists**
- ## Greater resources required for expansion to MINUSMA and beyond:
  - **Member States funding and/or provision of Gratis Personnel**
  - **Private Sector Partnerships**
- ## Communications and outreach
- ## Next steps
